COVID-19 Outbreak Management Plan (V1 September 2021)

Introduction

As per Step 4 of government's plan, all measures have been lifted from 19 July 2021 for the full return of all pupils :

<https://www.gov.uk/government/publications/actions-for-schools-during-the-coronavirus-outbreak/schools-coronavirus-covid-19-operational-guidanceschools-operational-guidance>, published by the Department for Education (DfE).

Schools and settings will only need to implement some, or all, of the measures in this plan in response to recommendations provided by the local authority (LA), directors of public health (DsPH), Public Health England (PHE) health protection team or the national government.

It may be necessary to implement these measures in the following circumstances:

➤ To help manage a COVID-19 outbreak within the school / setting. Actions will need to be considered when either of the following thresholds are met:

For most settings:

- There are 5 positive cases amongst pupils or staff who are likely to have mixed closely within a 10-day period
- 10% of pupils or staff who are likely to have mixed closely test positive within a 10-day period

For special schools, residential settings, and settings with 20 or fewer pupils and staff, use:

- There are 2 positive cases among pupils or staff who are likely to have mixed closely within a 10-day period
- If COVID-19 infection rates in the community are extremely high, and other measures have failed to reduce transmission
- As part of a package of measures responding to a 'variant of concern' (VoC)
- To prevent unsustainable pressure on the NHS

When one of the thresholds above is met, schools and settings will need to review the testing, hygiene and ventilation measures already in place.

We recommend all school leaders and staff members to regularly review the latest information produced by Public Health:

https://www.birmingham.gov.uk/COVID-19_schools_faqs.

The latest checklist and flowchart can be found here for guidance on dealing with suspected or confirmed cases within staff or pupil cohorts, and their contacts: **https://www.birmingham.gov.uk/downloads/download/3527/public_health_flowchart_for_schools**

COVID-19 Outbreak Management Plan (V1 September 2021)

The completion of this plan should not be undertaken in isolation by one individual and should involve staff who understand the risk of an outbreak. Once completed, the plan should be shared with the school's workforce. If possible, schools should consider publishing it on their website to provide transparency of approach to parents, carers and pupils.
